LIBERTY DEDICATION.

The Methodist, October 31.]

Dear Brother Pigue—May I tell you a few things about the dedication of our new church, which occurred yesterday?

For several days our greatest anxiety has been that the third Sunday in October might be a beautiful day, and yesterday morning, to our great joy, when we looked out, the sky was as serene as if it had never been darkened by a cloud. By 10 o'clock people from every direction were hurrying toward Liberty, and by 11 o'clock the house was filled to its utmost capacity.

Brother W. W. Adams of Jackson was with us, and at his best. He preached a deep spiritual sermon, which was a great joy and uplift to all patient hearers.

Immediately after the sermon the church was dedicated for the services of Almighty God.

At this juncture the benediction was pronounced and a bountiful dinner was spread, and after all had eaten more than twelve basketsful were taken up.

In the afternoon Rev. E. B. Graham gave us a delightful talk on the subject, "What is Man and His Duty?" Brother U. A. Potts, superintendent of Camden Sunday school, was present and gave us a fine talk on "The Church Without a Sunday School."

Brother Adams also gave us a talk on the line of Sunday school work, which was greatly enjoyed by all. The door of the church was then opened and one young lady was taken in, which made 57 additions this year.

The middle of last January the people began work in this church, and now we have what people who

know the churches of the county tell us, the best country church in Benton County. We have it well painted, with three coats on the exterior and two on the interior.

The ladies of the church purchased a nice new carpet for the stand, altar and aisles, which add very much to the beauty of the church. A set of pulpit chairs was also presented by one of the lady members, which was also greatly appreciated, especially by the pastor.

The total cost of the church was \$1,150, all of which was raised with very little trouble.

I was asked a few days ago how much we got from the Board of Church Extension? We are glad to say we didn't get any help at all, and did not ask for any. The good people of that community, with what help (some from adjoining communities) contributed, furnished the means. Not only have they done that, but this church is now in advance on preacher's salary and their connectional claims are also in advance of their assessment. This was a dedication without a collection. All things were paid.

I now have my connectional claims all in hand for the whole charge, and I feel sure that all my salary will be paid.

God bless Camden circuit.

E. M. MATHIS.

BEST LINIMENT ON EARTH.

Henry D. Baldwin, superintendent city water works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1.00. Sold by Fry Drug Co.

ELECTION ECHOES.

The election commissioners of Benton County met Monday and canvassed the returns, which give the following majorities for the Democratic ticket:

Patterson, 255; Hannah, 340; Avent, 89; Sims, 307; Foster, 344; Thomas, 448.

Thomas led the ticket in both Benton and Decatur counties, his majority being 420. Decatur is Republican by a small majority, but Moses fell considerably behind. McCall's majority in Decatur was 86; Evans, 79; Moses only 28. The remainder of the Republican ticket won in Decatur by about the same majority as Evans.

The following is the official vote of Decatur County:

Governor—Evans, 820; Patterson, 751.

Railroad Commissioner—Hannah, 755; McClure, 821; Swab, 821; Avent, 756.

Congressman—Sims, 744; McCall, 830.

State Senator—Lowe, 822; Foster, 757.

Floater—Thomas, 762; Moses, 790.

Official returns from the Eighth Congressional District shows the following majorities by counties: Sims—Benton 307, Chester 42, Henry 1,275, Madison 885; Perry, 250; total, 2,759.

McCall—Decatur 86, Henderson 608, Carroll 792, Hardin 694, McNairy 245; total, 2,425.

This gives Sims a majority of 334.

Since the announcement of the official vote of the election last

week the roll of the Fifty-fifth General Assembly of Tennessee has been made up. On a joint ballot the Democrats will have a majority of 78.

The two houses are made up as follows:

Senate—Democrats, 27; Republicans, 6; total, 33.

House—Democrats, 78; Republicans, 21; total, 99.

The State Anti-Saloon League estimates that it will have 23 votes in the senate on any proposition looking to the extension of the Adams law or any other temperance measure, and five more on a final vote on any proposition of this character.

VIOLATED QUARANTINE LAW.

The Nashville Banner contained the following dispatch from Huntington last week:

"The first arrest for violation of the quarantine regulations in this county was that of Marshall Robertson, a farmer of the eighteenth civil district. The warrant was sworn out by Dr. Wilbur J. Murphy of the United States Department of Agriculture, and was served by Sheriff McMillin Saturday. Robertson was cited to appear before Justice E. C. Saunders in this city next Saturday. He is charged with having neglected to keep his cattle from infection from the fever ticks. It is thought that other arrests will follow, as the department is determined to stamp out the infection in this county and raise the quarantine next fall."

BENTON SEMINARY.

Regular correspondence.]

Miss Murray's class in music will give an entertainment during Thanksgiving week, consisting of music, etc. Miss Denslow's class in expression and physical culture will give an entertainment later on; in December, perhaps.

The society will meet Friday afternoon with the same program announced two weeks ago. As we have not had a meeting this month there ought to be quite a number present next Friday. We hope every member who is interested in the success of the society will attend and take a part in making the meeting a profitable one.

The school is again free to go on in its work undisturbed. The entertainment Friday evening was a decided success, each pupil performing his part without a murmur and doing his best to make it a success. From a financial standpoint the results were far beyond our most sanguine expectations. Nearly \$28 was realized, which means that it will almost pay us out of debt, and our next effort will certainly show our credit side the larger. And lest we forget whence the good fortune comes, we wish to again express our heartiest thanks to the public-spirited people of Camden who filled the hall—filled our hearts with gladness by the nice compliments and filled our poverty-stricken pockets with the "needful" which will go far to placing the seminary building in a condition which we desire it to be.

To compare Gloria Flour with other flour is like comparing lemonade with branch water in August. T. J. Lowry & Co. sell Gloria.
